## Registration up despite vet drop

Although registration is not yet completed, enrollment figures already top last year's. This was the word from Alice Smith, registrar. Last year, 1914 students registered at OU, one of the highest enrollments in the university's history. This year, registration figures stand at 1940 with some more still to come.

This is in spite of a drop in the number of veterans attending the university. Veteran enrollment dropped 10 to 15 per cent below last year. The decrease in veterans has been more than offset by the increase in non-veteran freshmen. In 1948, there were 600 freshmen on the campus. About 700 freshmen are enrolled this year.

## Second speaker at institute is Dunner

Dr. Joseph Dunner, chairman of the Political Science Department and adviser of the Institute of International Affairs of Grinnell College, Grinnell, Iowa, will be the second speaker for the Institute on World Affairs.

He will speak at 7:30 tomorrow evening in the auditorium. His topic will be "Western Germany and the North Atlantic Pact."

Dr. Dunner has the distinction of having incurred the wrath of two dictators. In 1932 he was black-listed by Mussolini's government for his series of articles accusing Mussolini of having caused the murder of the famous Italian liberal, Mattcotti.

In 1933 Hitler placed Dr. Dunner on the Honor Roll of the first 100 men to be officially expatriated by the Nazis. This was Hitler's answer.

Dr. Flanders has served as president of the American Research and Development Corporation and was a member of the Federal Reserve Bank of Boston from 1944-46.

The senator has also been active in the program of the Business, Advisory and Planning Council of the U. S. Department of Commerce, the Economic Stabilization Board and has served as Chairman of the Research Committee and Trustee Committee for the Economic Department.

## Tom Tom emcees select 24 acts, 24 of 50 candidates in chorus line

Johnny Marshall and Jim Ross are using a vocabulary limited to "Terrific, sensational, colossal, stupendous" and "great."

Of course, that's when they're describing the Tom Tom Revue.

To back up these adjectives, they've selected 24 separate acts for their two-hour show. It'll have novelties, dancing and vocal acts and will be less slapstick and more professional, according to them.

They turned the chorus direction over to Jim Borland, an "old timer" in the soft shoe profession. And Jim has selected 24 girls from the 50 that tried out for the job. There'll be twelve American dancers and a line of sarong clothed girls from Bali Hai.

But Jim, in the middle of all those girls, has his mind on dancing and the devaluation of a few pounds around his middle.

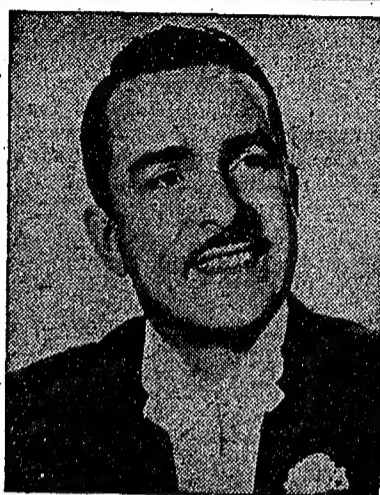

## Boiler handles tickets

Running his hands through his graying hair, Chuck Boiler, the revue's business manager, admitted a long, trying friendship with the emcees. He considers sweet revenge the fact that "Ross is pulling his hair out by the roots and Marshall doesn't have any left."

Boiler will have charge of the ticket sales (75 cents for outsiders) and the financial success of the revue. "No date has been set but tentative plans are for November 11 and 12 as the big day," he said.

As yet the stage manager's job hasn't been filled and Ross asks that anyone with a flair for stage managing and a full head of hair report to them immediately. "You can't miss us, we'll be dressed in our usual garb." (See picture.)

# Glen Gray to play for Homecoming

Glen Gray... will bring Casa Loma Orchestra to Homecoming dance.

## Famous band to appear Oct. 21

Glen Gray and his Casa Loma orchestra will play at OU's annual Homecoming Dance Oct. 21.

This was this announced Saturday by Ormsby Harry, Student Council sponsor. Assistant Dean Harry added that the university "just beat" Iowa State in asking for Gray and his band for Homecoming. The band will play from 8 to 12 p.m. in the Peony Park Ballroom.

Featured with the orchestra will be "Fats" Daniels, famous for his comedy-vocal numbers, Julie O'Brien and Morgan Miller.

The orchestra has made personal appearances in such places as the Hollywood Palladium, the Golden Gate Theatre in San Francisco and the Paramount and Strand Theatres in New York City. Gray and his orchestra have also appeared in two musicals, "Jam Session" and "Smoke Rings."

The Casa Loma orchestra was the first of the leading swing bands, preceeding Benny Goodman by three years. The band is known, however, for its ability to play anything from bounce tunes to romantic ballads.

Highlighting the dance will be the announcement of the university's 1949 Homecoming Princess. Plans are in the making for a special presentation, according to Jackie Geilus, dance chairman.

## Orediggers visit

On Saturday, Oct. 22, OU will hold open house from 10 a.m. to 12 p.m. Visitors will be shown through the rooms especially decorated by school organizations.

The President's luncheon is set for 12:15 p.m. A special effort is being made by the Alumni Association to have all former class presidents present.

At 2 p.m. Indian fans will see football played at their own stadium for the second time. OU's squad is scheduled to meet the Orediggers of the Colorado School of Mines.

Halftime ceremonies will include the representation of the Princess and announcement of winners in the room decorating contest.

# Indians fail to handle Fletcher, lose 13-6

## Shober blocks punt, sets up Omaha TD

Omaha University's football forces were shocked Friday night by a 13-6 defeat at the hands of Washburn University at Topeka.

For the second consecutive week, the Indians tossed scoring opportunities to the wind and shouldered the bitter weight of defeat.

Three times the Omahans ploughed deep into Ichabod territory, but each time neglected to pull a scoring play from their bag of tricks. Once they lost the ball on downs and another time Tailback Joe Arenas had a pass intercepted.

Washburn opened the scoring with a spine-tingling 86 yard run on the first play of the game. Art Fletcher, 191-pound Negro half-back, dashed up the sidelines for the score after receiving the ball on a criss-cross at the Ichabod 11-yard-line. The entire OU team was faked out of position on the play.

Abboud Scores TD  
Omaha finally began clicking in the second period and Fred Abboud, hard-hitting fullback, picked up a lonesome Red and Black touch down.

Bob Shober, tough defensive end, blocked Roy Keck's punt and Guard Al Carillo recovered the ball on the Kansan's 44-yard-line.

Abboud knifed through the line for a series of gains and finally

## Graduate committee has 53 applicants

Approving 53 applications for graduate work and welcoming Dr. Ralph Wardle as a new member highlighted the Graduate Committee meeting Oct. 6.

E. M. Hosman, chairman, said that although graduate work is limited to certain fields, the committee is attempting to maintain high standards in those that are offered. He added that many applications were from cities other than Omaha.

Other members of the committee are: Dr. F. H. Gorman, Dr. L. N. Garlough, Fred Hill, Dr. W. H. Thompson and Dr. T. E. Sullenger.

## Correction

Standardized entrance tests were given to engineering drawing students, not engineering students as was reported in the Oct. 4 issue.

bucked for a touchdown from the host's one-yard-line. Arenas missed the kick and the score remained 6-6.

## Brooks scores clincher

Washburn scored the clincher with nine minutes left in the game. Again Fletcher was the back that caused the OU team considerable anguish. He carried the ball in a succession of off-tackle and flanker plays for 43 yards.

Then with the ball resting on the 13-yard line, Fullback Leroy Harmon faked to Fletcher and pitched a touchdown strike to Gene Brooks. This time Harmon converted to make the score 13-6.

Although they were again on the short end of the score, the Omahans played a better brand of ball than they did in the Northern Illinois game.

Dick Lane, making his first start at tackle, turned in an outstanding game. Ernie Flecky, Rene Hlavac, and Tom Cannia also turned in bruising performances.

## Netstress Neely does double duty

Rating eleventh in a P. E. class tournament doesn't seem like much, but in Nancy Neely's case it's different. She holds this rating by doing the work of two people.

The tournament is a doubles contest, but Nancy has played every match without a partner. When the drawings for the tourney were made, the number of girls in the class was uneven and Nancy drew the double duty assignment.

Nancy Will and Virginia Layher hold the No. 1 spot. They have beaten all opposition.

## Mr. Harry invades bar, meets 'Doakes'

"Life's Darkest Moment" might have been last week for two well-known OU frat men.

They were down at the Saddle Creek bar eating lunch and listening to the World Series. Suddenly, in walked Ormsby Harry, assistant dean of students, followed by half the Student Council.

The council members and their adviser were looking for a TV set. They wanted to watch another member, June Williams, perform on the WOW "Coffee Counter" show.

When Mr. Harry spotted the students, however, he did some fast thinking. Whipping out a notebook, he announced to the startled gentlemen that the council was making a survey of student activities.

No damage was done, though. Right back at him came the alert reply: "My name's Joe Doakes. D-o-a-k-e-s."

## New officers elected in Alumni Association

New president of the Alumni Association is Robert W. Turner, attorney. He was elected at a meeting Friday.

Herbert Story, retiring president, presided over the meeting. President Bail and W. Dean Vogel of the Board of Regents spoke briefly.

## Converted back, Lane nets praise for tackle ability

Fans and players alike had nothing but praise after the Washburn fray Friday night for the rugged line play offered by one Dick Lane of Omaha University's football eleven.

Breaking into the starting lineup for the first time this season, the hustling sophomore commanded plenty of respect with his bruising blocks and tackles.

## Originally a back

Originally a back, Lane was a mainstay on Ken Kennedy's powerful Tech squads of '44, '45 and '46. But like so many other athletes of this period, a stretch in the armed services overshadowed college and athletics took a back seat for a year and a half.

Upon his discharge, Dick resumed his pursuit of education and enrolled at OU in the fall of '48. The old football urge still gnawed at him, and he checked out gear with his eyes on a backfield spot.

On Lloyd Cardwell's rapidly improving football aggregation of '48 he earned his letter with little trouble, seeing plenty of service with the Indian eleven.

And when fall of this year rolled around, Dick was back again, still eyeing that backfield spot.

## Shifts to tackle

But when Cardie looked over his grid material, he found his squad shallow at the tackle positions. On the other hand, he had a wealth of backs.

And in looking over these backs, his eyes fell on the 5' 11", 210-lb. Lane. Needless to say, here was the answer to the tackle problem.

As for Dick, he wasn't too unhappy about the change. "There's a lot more contact work at tackle than in the backfield, and that's what I like," he claims.

A phys ed major, Dick is a staunch supporter of the university's intramural program, participating in nearly every sport offered with the exception of football. He aims at coaching for a career.

## Bus Ad students get ducats to conference

## Papooses tangle with Wesleyan B; Concordia snaps win string 8-6

OU's Papoose football eleven will try to get back on the victory train tomorrow when they meet Nebraska Wesleyan B at Columbus, Nebr.

Still smarting from their 8-6 setback at the hands of Concordia, the injury-riddled young Indians will be seeking scalp No. 3.

Missing from the Papoose starting lineup tomorrow will be two star performers. High scoring Freddy Pisasale will not see any action because of rib injuries suffered in the Concordia tilt. A twisted knee will keep Stan Sidaris from seeing much action.

Coach Don Pflasterer was

## Inn location was set for Stadium

OU's partly completed Fieldhouse wasn't always scheduled to be built on its present site.

Opening of the new Stadium, first step in the 10-year building program, has recalled earlier university expansion plans.

When the school was first moved to this campus, architects hoped to build a fieldhouse where Pow Wow Inn is now. Those plans were kept till 1946.

By that year, however, Omaha U had an enrollment of more than 1800 students. Parking facilities were inadequate, and a fieldhouse on the east side of the athletic field only would have made them worse.

Besides, there was already a building on the spot. Constructed in 1941, it had housed emergency training program in welding, sheet metal and airplane engines.

The net result was that, in the summer of '46, the university approved a switch in plans. The proposed fieldhouse was moved to the west side. And that fall, the war emergency structure was converted into a snack bar.

It proved to be a wise change. There is room for a larger building with greater facilities. Practice fields and parking areas are more accessible in the new location. And the general appearance of the campus improved by the avoidance of crowding.

There may be one drawback, however. It's going to be a long walk from a gym class to a chem lab.

## GREETINGS TO THE MEN OF O. U. FROM BERG CLOTHING COMPANY

pleased with the young Indians showing against the Concordians despite the defeat. He had particular praise for Pat Wilcox and Jim Buchanan whose hard line play was a major factor in thwarting the Concordians five different times within the ten yard stripe.

The victor's margin of victory came on the fourth play of the ball game. A bad pass from center to punter Jack Lacy set up a safety. Lacy couldn't get the ball away and was nailed in the end zone.

Omaha spurted back a few plays later to take a 6-2 lead. Vern Shires cracked off tackle for score after two long runs and a called pass interference brought the ball to the hometown's six.

Although badly outplayed, the Papooses hung on grimly when the going was rough until the last quarter.

## Men can still join intramural program

A third dictator—Stalin—will not like Dr. Dunner's newest publication, "Soviet Imperialism and the United States."

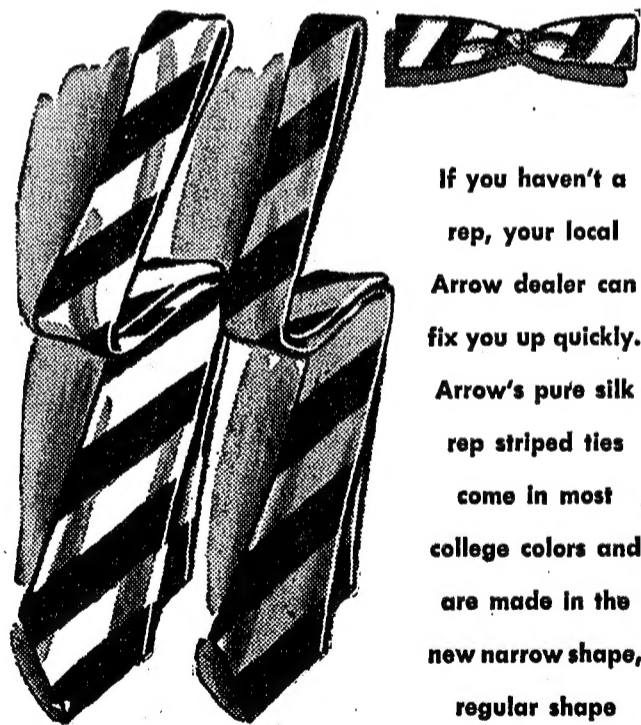

In 1942 Dr. Dunner joined the Research Center for Postwar European Federation at New York University. And in 1943 Harvard University invited Dr. Dunner to join the faculty of its School for Overseas Administration as a special lecturer on area studies.

In October, 1945, he founded the first democratic newspaper in Bavaria since 1933.

Dr. Dunner joined the Grinnell College faculty in 1946.
